

Creating Style and Coding guidelines:

Colour:

- #FF5733 (orange) for the background colour of the header
- white for the text
- #35424a (blue/gray) for the border separating the header and the other sections
- #A52A2A(Bordeaux) for the overall background colour of the website

we should do black text and white background but with the other colours to make it “pop”

Typography :

- Font family: Quicksand; Poppins
Google-Font links :
<https://fonts.google.com/specimen/Quicksand>
<https://fonts.google.com/specimen/Poppins>
- Font size : 10 to 15 px for normal text
- Text: Titles and subheads centred in the middle.

Buttons/ Icons :

- Nav buttons: borderless
- “subscribe” button : shows “please enter something” when no e-mail is entered and the button’s pressed
